Where are my current written instructions kept?

Normal-hours equipment support

After-hours equipment support

Directions and demonstration: questions / answers

Home requirements and supplies: questions / answers

Care and replacements: where to find directions

Support and contingencies: where to find the plan

Question still unanswered

Who can answer it?

When will I follow up?

Fill on your device or print. No submit button or data-sending action is included.

Equipment questions sheet

FICTIONAL ORGANIZING EXAMPLE

Use this sheet to record answers and questions. Follow the instructions for your actual equipment and individual care plan. Keep your completed copy privately.

Exact equipment: manufacturer / model / identifiers, if confirmed

Exact model not yet confirmed; ask at the supplier handover.

Where are my current written instructions kept?

Equipment folder; ask which document is the current version.

Normal-hours equipment support

Supplier contact card in the equipment folder.

After-hours equipment support

Unresolved: which number is used after hours?

Directions and demonstration: questions / answers

Ask whether a family helper can join the demonstration and where accessible directions are available.

Home requirements and supplies: questions / answers

Ask the supplier to explain the requirements for the exact equipment and identify included supplies.

Care and replacements: where to find directions

Ask where the manufacturer's care and replacement directions can be found.

Support and contingencies: where to find the plan

Ask where the care team or supplier's device-specific contingency plan is kept.

Question still unanswered

Confirm the after-hours contact and where to find its hours.

Who can answer it?

Equipment supplier

When will I follow up?

At the equipment handover

Invented organizing example only; no patient story, product test or treatment directions.
